most cooperative. For the rest, though much needed, held off until the very last moment, after the fireworks were shot off, after the piano had been picked up and taken back to the Elks Hall, after the crowd had all gone home home... then it rained.

Lingford Park Orchestra supplied the music for the huge outdoor "ballroom", and regaled some lively tunes. The event may become an annual affair with other service groups participating with the Elks to make it an all-day entertainment, such as many other towns stage on July 1st.

A week from this coming Friday, July 14th, the hand-working Elks are again staging one of their famous barbecues. This will be held at the Elks Community Hall. Picture on page 12.

ELKS STREET DANCE

Another "first" was registered in Drayton Valley when the Elks put on a very successful street dance on the evening of Dominion Day. Approximately 450, including those under 18, who were admitted free, were out on the street inside the fence that roped off the upper end of the street in the main section of town. A total sell-out on barbecued hamburgers, hot-dogs and spare ribs was registered.

The most important thing about it was that the weatherman was

GOLFER WINS TROPHIES

Staff picture.

Dr. Henry Shimabashi, of the Drayton Valley Dental Clinic, bought the name of "Drayton Valley" into the limelight when he made a clean sweep of all the eyes in the annual Alberta J.C.C.A. Open Golf Tourna ment over the past weekend. In open play he came romping home with two huge trophies awarded for Low Gross and Low Net. In addition Dr. Shimabashi won two individual trophies and two other awards, a bar set and a shaving set.

The first 18 holes were played at Rivendell Golf Club course and the second 18 at Municipal with the Drayton Valley golfer going around the first course in 77 strokes and around the second with a 78.

AUCTION MART IN D.V.

Drayton Valley is soon to have an authentic Auction Mart of her own. Bill Cam, formerly of Cur's Wire Line, will be starting the auction mart at the northern edge of town very soon. He will also carry new and used farm machinery sales, and feeds Name of the new addition to the businesses of the town will be Cam's Machine Sales and Feeds. The auction mart will be run in conjunction with the machine and feed sales. Word is being awaited by Mr. Cam on the final Department of Municipal Affairs branch okay for the site. The site has already been approved by both the Town of Drayton Valley and the L.R. 77, but the Highway Department are planning a new entrance on to the paved highway, just north of town, and it hasn't yet finalized plans for the entrance road.

When the highway is finished at that section, the street from Drayton Valley will cut into the highway at right angles instead of at the very dangerous angle at which it now enters the highway. The location for the feed and machinery sales and auction mart will be a very fine one, quite accessible after final arrangements are made regarding the access road from the highway into Drayton Valley. Mr. Cam is an experienced farmer and will know the needs of farmers, both in the machinery line and in the feed line. He will handle several different makes of new implements.

District Personalities

ALBERT A. BRADEN, Photo by Cur's Studio.

Residents of Drayton Valley and district are getting acquainted with the man in charge of the newly opened Treasury Branch bank.

Albert Braden was raised on a farm at Uley, Saskatchewan, east of Regina. He attended school at 8th grades and took extension work with the University of Saskatchewan at Regina. He entered a chartered bank in the fall of 1950 as an employee. He served in permanent bank posts across Saskatchewan in various towns, and was also attached to the Bank's head office, in Regina, in the Credit Department, with 41 banks under his jurisdiction.

He had long been turning his eyes westward toward Alberta, as he and his wife had taken every possible occasion to visit "Sunny Alberta, the Province of Opportunity" - and in June, 1960,

he made the westward jump, coming to Lethbridge where he joined the Treasury Branch as an assistant manager for a period, to become acquainted with Treasury Branch routines. He remained in the Lethbridge branch until he received the appointment as manager of the new Drayton Valley branch.

Mr Braden married Miss Vera Saunders, of Swift Current, Sask., in 1957. Miss Saunders was teaching school at a point near Swift Current at the time. They have one boy, Douglas James, aged one year.

Mr Braden finds Drayton Valley a very exciting town; a place of unlimited challenge. The oil industry, he believes, is very interesting. The Bradens say they have never received as warm a welcome anywhere as was acc-

GAS TRUNK LINE

(CONT. FROM LAST WEEK'S PAPER, Page 11, Col. 1)

Most of the right-of-way grade and all clearing was finished in the winter on all sections. All major river crossings, many minor crossings, and nearly all cased roads and trail crossings were put in during the winter. The entire job represents the first Canadian pipeline construction job to be done continuously on a year-round basis, from a start to finish, making full use of frozen ground to avoid damage of right-of-way by stringing trucks. A few miles of ditching were cut with rotary ditchers in mid-winter as an experiment.

Section five, being laid by Pigor Pipeline Limited, will be one of the steep hills and not holes by the end of June and running over the flat ground to its junction with the main line. This section of the 64 miles of 18" pipe runs from the Montana borders to a point on the main line near the north end of the Water-Pipe gas field. On June 15 there was 23 miles of ditch completed and 17 miles ditched. Completion of the whole job is due for mid-July or earlier.

Nearly all the pipe on all sections was strung during the winter. The only gaps are the few stretches of right-of-way with no access made where pipe was strung at the road entrance and will be completely strung by the end of June. Canadian Park-hill Pipe stringing Ltd. had the stringing contract for all sections except section two. This has been strung by Martin Company Ltd., with the trucking contract only subbed to James & Reimer Ltd. All but a few miles of pipe were double jointed in

ANOTHER HOLE IN ONE! Ron Benistment, of the Bay Crocetta, was out playing with near-by, Ted Oliver, also a Bay man, out on the local golf course early the other morning and hit a hole in one on a par three hole. The hole-in-one was well verified and the record makes all lesser golfers stand back and shake their heads in awe, tinged with just a slight bit of jealousy. A. Meier got the first one in the history of our local course a couple of weeks ago, and now Ron comes along with another!

In town visiting his son Bill Adams recently was Mr. Urquhart Adams, of Peace River. This writer knows Urquhart quite well. We used to talk together for hours in old Peace River. Town. Adams would propound his money theories, arising from the old "Single Tax" theory, and we would propound our biblical legal theories. Mr. Adams St. was a former restaurateur.

Recent school gas getting a taste of commercial life in the Bay store here are Gail Williams Arlene Little and Anna Brunk. Gail and Arlene have been attending Red Deer Composite and

Letter To the Editor:-

Mr. Playford, Pembina News Advertiser.
Being unamed to, and observing treatment to a pedicure at some instance, tried me to write. I have been observing traffic in this town for some time and wonder when the town fathers will show it down to \$0 M.P.H., at the sign that are out will serve a better purpose if brought in and used as bus racks.

Automation has its disadvantages too. After the power shut down the other night, Friday, on Saturday, the 12 p.m. whistle blew at 15 minutes to 1.

BRAZEAU DEVELOPMENT. This picture shows the upstream cofferdam with the river flowing through the two unwatering conduits at Calgary Power's Brazeau development. The smaller downstream cofferdam can also be seen with equipment working on it. The main dam will be built between these two cofferdams which will eventually become part of the finished dam.

EXTENSION AT WABAMUN. Shown above, the steel work for the new 200,000 horse power unit rising above the present structure at Calgary Power's Wabamun project. The intake and outlet canals are clearly visible. The third unit will be coal fired, burning coal which will be strip mined from the adjacent Wabamun coal field.

GREEN ACRES by DICK SOCKING

This is the last column that I will be contributing under the "Green Acres" heading. I hope that you have found some of these items of interest and of value in your farming operations. Some, written in haste to meet a deadline, have left quite a lot to be desired.

The column will be continued by my successor, Mr. Earle Lowe. I know that he will do a fine job of bringing to you some of the most important new methods and ideas in this rapidly changing business of farming.

The past six years during which I have served as your District Agriculturist have been rewarding ones for me. I have enjoyed very much working with the farm people of this district. My only regret about the past few years is that there are so many things that should have been done but for one reason or another, mostly lack of time, were not done. There is plenty of work to be done in this field, and in Earle Lowe this district has a man who will be of great help to the farm people of this district.

I am joining the farm department of the CBC because I feel that radio, and particularly television, can be a very real help to the farm family. Agriculture is changing very rapidly, and these media make it possible to take quickly to the farm news of what is happening in the farming industry. Radio and T. V. can perhaps be of help to the farm family in adjusting to these changes and achieving success.

PRODUCTION FROM RUBIN AND

In this district, many of us are interested in bringing in-limbed into production as cheaply as possible. On previous occasions we have reported on the work being done in this field by the Beaveridge Experimental Farm in the Peace River district. A recent report indicates that considerable success is being met in this project.

The aim is to get bushland into pasture production as cheaply as possible, without going through the expensive and laborious steps of breaking and root-picking.

The best results have been obtained by fall brush cutting and piling with the land being broadcast with the expensive and laborious steps of breaking and root-picking.

This system resulted in a higher yield of forage, and a trouble with weed growth and a mixture of other crops.

More tests will be made, including the use of fertilizers, control of pupal regrowth, and methods of land clearing. It will be interesting to follow the development of this work, which can be of real importance in the district where so much new land is brought under cultivation.

COOKING MAGIC

Home Service Director
Tweed Macdonald and Ideal Planning Ideas Prepared for Pembina House Advertiser Section by the Home Service Department of Buchanan Utilities, Limited.

Many requests are received by this department for ways of using heavy cream which has soured. Here are our favorite ways:

CHOCOLATE SOUR CREAM CAKE

2 eggs
1 1/4 cups sugar
1 cup thick sour cream
1/2 cup soda
2 squares unsweetened chocolate, melted
1/2 cup vanilla
5 cups cake flour
1 cup baking powder
1/4 cup salt

Beat the eggs very lightly, then gradually beat in the sugar. Sift the soda into the sour cream and stir rapidly until foamy, add to the egg and sugar mixture with the vanilla. Fold in the melted chocolate, sift the remaining ingredients and add, stirring and beating until smooth. Bake in an 8 x 8 inch graham pan in a moderate oven (350°F.) for 35 to 45 minutes.

SOUR CREAM COOKIES

1/2 cup butter
1 cup brown sugar
1 egg
1/2 cup thick sour cream
2/4 cup salt
5 cups sifted flour
1/4 cup mace
1/2 cup soda
1 cup baking powder

Cream butter and sugar. Add eggs well beaten, then sour cream and dry ingredients, sifted together. Drop by spoonfuls 1 1/2 inches apart on a greased cookie sheet. Bake 15 minutes in moderately hot oven (400°F.).

OLD-FASHION CABBAGE

1 small head cabbage
1 cup sour cream
1 beaten egg
1 cup butter or kitchen fat
2 cups vinegar

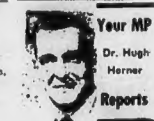

1 chop, lemon juice
1 tsp. sugar
1 tsp. salt
1/2 cup pepper
1/2 cup mustard
1/2 cup paprika
1/2 cup celery seed

Cut cabbage in wedges. Cook, covered, in a small amount of boiling, salted water until just tender, about 15 minutes. Combine remaining ingredients; mix thoroughly. Cook in double boiler until thick, stirring constantly. Serve over cabbage. Serves 4.

SOUR CREAM APPLE PIE

5 egg yolks
3 tbsp. flour
1/2 cup sugar
3/4 cup cinnamon
5 cups thick applesauce (unsweetened)
1/2 cup nutmeg
1/4 cup allspice
1 cup sour cream
1/4 cup salt

Beat egg yolks until thick and lemon colored. Combine with dry ingredients, which have been thoroughly mixed. Add cream and applesauce. Cook over boiling water until thick, stirring frequently. Cool and pour into a graham cracker pie shell. Cover with meringue and bake in a slow oven 300°F. for 15 to 20 minutes. Cool and serve.

Your MP Reports
Monday, June 19th, a bill was introduced to make rapeseed a grain under legal terminology and thus qualify for Crown West Pass rates.

This is a direct result of the good work of a number of Western M. P.'s but particularly Raymond Kapp M. P. for Humboldt-Melfort. It shows that the West can get things done with a united front. It would never have come about with split party representation.

This will mean an additional half cent a pound to the producer and ensure Canada a share of the expanding oil seed market of the world.

It is also interesting to note that the number of railways jobs in the West is directly related to grain shipments. The more grain including rapeseed we can sell outside Canada, the more jobs we will have available for railway employees.

The bill will mean a great deal to the farmers in my area.

On June 27th, Agriculture Minister Alvin Hamilton made a report to the House of Commons with reference to the final accounting of the 1959-60 pool.

Looking at Recreation

By: Michael Gossley,
Recreation Director

LEGION BALL TOURNAMENT

This coming weekend, weather permitting should feature some of the most outstanding athletic activity of the season. The Drayton Valley Branch of the Canadian Legion will be presenting their annual two-day baseball tournament on Friday and Saturday. All competition will be carried out at the Intermediate level and it is expected that at least eight teams will be taking part in the tourney. Besides the local area, the D.V. Legioners, teams will come from Edmonton, Barhead, Warburg, and other centers in the vicinity. A total of \$100.00 in prize money will be at stake, so with this kind of incentive you can look forward to some hard competition before the final bell in throws.

The Legionnaires who won the 1980 Offfield Championship are having another fine season in this league and will furnish formidable opposition for anyone in the big tournament. With Les Tucker and Ken Machan calling the shots and veteran veterans like Murray Dea and Ken Wallace backed up by steady and effective hitting the Legion boys will be a real threat. However, anything can happen in tournament ball, and usually does.

There is plenty on tap in the way of extra entertainment. Friday night will feature a dance at the Rocky Rapids Community Hall. A midway, similar to that sponsored by the Lions Club earlier in the season, will be in operation on the Legion grounds on Friday evening and all day Saturday. Something of great interest to our many show throwing spectators will be Saturday afternoon's horseshoe tournament which will be open to all competitors. Prizes will go to winning contestants. The two-day event will close out on a rather exciting note with a professional wrestling show at the D.V. Recreation Building. Proceedings in the grand and green department are underway at 8:30 p.m. with Ripper and Bob Osborne going against Raynor Leon and Jack Christie in a tag team match. On the other half of the card the Maids of Mayhem will furnish the thrills and spills as Joyce Johnson takes on Ariane Miller and Penny Banner will put off with Mitty Stafford in the opener.

If the weather is favorable this sports extravaganza should be a booming success rating second behind the National Legion Championships as the Valley's

LEGION BALL TOURNAMENT

Legioners, teams will come from Edmonton, Barhead, Warburg, and other centers in the vicinity. A total of \$100.00 in prize money will be at stake, so with this kind of incentive you can look forward to some hard competition before the final bell in throws.

MINOR BALL TOURNAMENT

Still with baseball, Dominion Day has seen an interesting afternoon of play at the Legion Park where a four-team COT money was held. The participants were the D.V. Lions, the D.V. Hobos (PONT), The Eveningbells and Wildwood. Because of unfavorable weather and wet grounds the event got off to a very late start, however, the requested three games were played and competition was quite keen throughout especially in the first and final games.

The Eveningbells team took the honors over the D.V. Lions with a 6-4 victory after six innings of play. Also, Allan and Golden, scored the COT runs with Boyron coming up as the winning pitcher. The D.V. scene was Michael Turner, Hoff and Uthryphry. Earlier in the afternoon the Lions led by Dave Paction turned back the Valley's P.O.N.T. representatives, the Hobos 7-1, while Bryanburg got into the final by beating the boom on Wildwood 18-4. Harvey Allan pitched a fine game for the winners with seven strikeouts and allowing only three hits.

Results were quite satisfactory considering the unfavorable weather conditions resulting in some short and cramped organizational work. The tournament served its purpose, however, in giving the local teams and in particular our Colts some badly needed action. This seems to be a problem with all our Minor ball teams with the exception of the Travelers. Opposition is scarce and therefore the boys have played very few games to date. Personally I would like to see our Colts P.O.N.T.s and P.O.W.s all get in about half a dozen games before the Provincial Playdowns, but that looks like the ideal dream right now, unless some suitable opposition can be obtained from unexpected sources. The P.O.N.T.s and Colts have some available competition against Eveningbells and Wildwood in the case of our P.O.W.s

we have a problem. It would seem that the best we could do would be to meet some city team which would involve a lot of traveling for exhibition ball games. In this case, however, we have no choice and the boys should have at least a couple of games before the Provincial set to get organized and give the respective coaches an idea of the team's power and reactions, otherwise it is too difficult, and unfair to the team, the coaches and the individual players.

OUTSTANDING BOKER AWARD

The Drayton Valley "Boxer of the Year" award was presented to Rufus Combs for the second consecutive time, last Wednesday evening. The presentation took place at a meeting of local boxing enthusiasts at the Combs home in Rocky Rapids. The award, a beautiful trophy donated by Coby Construction Ltd., is presented annually to the boy who has compiled all-around ability with sportsmanship and has done the most for the fight game in Drayton Valley. The presentation was made by Gordon Cross, the head coach of the local boxing club.

Despite the fact that there were three other class performers in line for the trophy sportsmen it would have been impossible to overlook the outstanding fight accomplishments of the Pembina Panther during the past year. Rufus had a total of twelve bouts from last November to mid-May winning nine of those. He swept the Light welterweight Open class at the Optimist Golden Gloves and was crowned as 1981 Golden Boy in that tournament. He went through Northern and Provincial competition and would up on the very threshold of a Dominion Championship when he met defeat at the hands of the reigning 139 pound Canadian champion, Wiscio Sclafani on the afternoon of May 13 in the big National money held here. It must also be remembered that Combs was the central figure around which the publicity program for the Canadian Championships was organized, thus with his colorful fight background he played significant part in the overall success of the tournament.

The other boys who deserve honorable mention for their fight endeavors during the past season were Gary Mastro, Ovin Combs and Barry Thompson. Mastro, possibly the most colorful performer competing under the local banner had a tremendous year. An action type fighter, who never stops trying, Gary had been losing some close ones. However, he finished the season in fine fashion by capturing the 106

pound Junior Provincial title and taking a decision from highly rated Lesly Matheson on "Trophy Night" at the South Side Legion. Ovin Combs was not as active as some of his sparring mates due to lack of suitable competition. He took the 113 pound Northern and Provincial Championships in the Novice Class by default. His finest performance of the year was a lasting effort to Army's Dennis Adams in a plain V.Y. bout against in Golden Gloves competition. Barry Thompson, the youngest competitor in the local club is another who turned in some pulsating ring work during the 1980-81 season. He won a series of club fights and finished off the year by bringing home the Northern and Provincial titles in the 96 pound Junior weight class. The Pembina Boxing Association boys of another outstanding boy in young Mervyn Cynbo, however, for various reasons, the younger Combs saw very limited action during

the past month. Particular, it was a big year for Rufus Combs, his brother Ovin, Gary Mastro and Barry Thompson. They all finished one or more than Provincial championships in their respective weight divisions. Consequently it was a great year for the Pembina Boxing Association and a most satisfying one for coaches Gordon Cross, Doc Booher and Andy Anderson who expended an enormous amount of time and effort in order that those goals might be reached. It was a big year for Drayton Valley, possibly the most outstanding single event in the short history of the town took place in the presentation of the Dominion Championships last May. One thing for sure, 1981 will be a year to remember who fight enthusiasts start spinning yarns in years to come.

COMPLETE DELIVERANCE

Jehovah's Witnesses

"But I will deliver thee in that day, saith the Lord; and thou shalt not be given into the hand of the men of whom thou art afraid" Job 39:17

WHEN the Lord's faithful ones are suffering for Him, they shall have sweet messages of love from Himself, and sometimes they shall have glad tidings for those who sympathize with them and help them. Ebed-melech was one such messenger of love to a despised Ethiopian, and he was kind to Jeremiah, and so the Lord sent him a special promise by the mouth of his prophet. Let us be ever mindful of God's persecuted servants, and He will reward us.

Ebed-melech was to be delivered from the men whom vengeance he feared. He was a humble black man, but Jehovah would take care of him. Those days were dark by the Chaldeans, but this lowly Negro could not be hurt. We too, may be fearful of some great ones who are bitter against us, but if we have been faithful to the Lord's cause in the hour of persecution, He will be faithful to us. After all, what can a man do without the Lord's permission? He puts a bit into the mouth of a sparrow, and a bridle upon the head of a power, let us fear the Lord, and we shall have no one else to fear. No cup of cold water given to a despised person of God shall be without its reward; and if we stand up for Jesus, Jesus will stand up for us.

THE SERMON ON THE MOUNT

Taken from "Good Business" by Emmet Fox.

The study of the Bible is not unlike the search for diamonds in South Africa. At first people found a few diamonds in the yellow clay, and they were delighted with their good fortune, even though they expected that they would be the full extent of their find.

Then, upon digging deeper, they came upon the blue clay, and to their amazement, they then found as many precious stones in a day as they had previously found in a year, and what had formerly seemed like wealth faded into insignificance beside the new riches.

In your exploration of Bible Truth, see to it that you do not rest satisfied in the yellow clay of a few spiritual discoveries, but press on to the rich clay upon which the diamonds are found. The Bible, however, differs from the diamond field in the sublime fact that beneath the blue clay there are more and

still more and richer strata, awaiting the touch of spiritual perception - on and on to infinity.

Jehovah's Witnesses

Mr. Ralph Wikander, Drayton Valley, Alta., local farmer, was informed that he has been chosen to be the special delegate to the forthcoming district Bible convention of Jehovah's Witnesses scheduled for July 4 to 9 at Empire Stadium, Vancouver, B.C., Canada. Ralph will be leaving early this week as part of the delegation of about twenty-eight from Drayton Valley.

Mr. Wikander said, "There is a great excitement among all members of the Drayton Valley Congregation and they are going all out in their plans to attend." He pointed to Christian association and fellowship as one of the main reasons for attending the coming assembly.

Mr. Wikander observed, "It seems that people all over the world are looking to space for the solution to the world's problems, but we feel Christians should look beyond the mistletoe, spunkies, and rockers, to the Creator of this earth. People often forget," Mr. Wikander continued, "that the Creator put a bit into the mouth of a sparrow, and a bridle upon the head of a power, let us fear the Lord, and we shall have no one else to fear. No cup of cold water given to a despised person of God shall be without its reward; and if we stand up for Jesus, Jesus will stand up for us."

The highlight of the six-day gathering will come on July 9 when Mr. N.H. Knorr, president of the Watch Tower Bible and Tract Society, will deliver the widely advertised lecture, "When All Nations Unite Under God's Kingdom."

All scheduled meetings of Jehovah's Witnesses will be cancelled this week.

Drayton Valley Congregation

CHURCH OF GOD NEWS

On July 6, Sunday evening, the Mr. and Mrs. Melvin Johnson will be speaking in the Drayton Valley Church of God.

Their topic will be the Church in Swan Hills. The Johnsons were to this new old town in August of 1980. Mrs. Johnson has taught School and Mr. Johnson has been School Custodian. Bus Driver, Scout Leader, and last but not least pastor of this new congregation. He is also at present engaged as the Alberta Youth President of the Church of God and has been a real strength in this group by helping to purchase lake property and now in planning to build the Camp Building from logs which are abundant in Swan Hills area.

The Swan Hills project is the Mission project for the Church of God in its year of 1981. In order to be a real and vital part of this project we have asked these good folk to come to D.V. to give a first hand account of their work; and Drayton Valley Church will be taking up an offering to help them in this work of the Church which has been a United Church for a Divided World. "You are welcome to come and hear the story of the Canadian Church pioneer's for the 1880's - 41... in the Drayton Valley, Church of God."

SUNDAY, JULY 9, AT 7:30 P.M.

LUTHERAN CHURCH NEWS

Rev. Edward Stayer arrived this week from his home in Arkansas, U.S.A., to serve Immense Lutheran Church in Drayton Valley and Immense Lutheran Church in Tomahawk. He graduated this spring from Concordia Seminary in Springfield, Illinois. Rev. Stayer was raised on a farm in Arkansas and later worked in an automobile factory in Michigan before taking up the work of the ministry.

YOUR M. P. REPORTS

(Cont'd. from page 8, Col. 8)

Wheat Board account for wheat. That crop year ended May 30, 1961.

Total grain delivered by the grain producer was 277.4 million bushels, which is above average Canadian deliveries in any one year. There was a surplus after the interim payments of \$88,000,000 of which there has been an interim payment of \$37,744,437, the remainder of \$46,257,037 is to be divided as follows:

	Final Payment (cents per bushel)
No. 1 Manitoba Northern 9,009	
No. 2 " " 9,074	
No. 3 " " 9,082	
No. 4 " " 9,094	
No. 5 wheat 38,997	
No. 6 wheat 38,700	

The final payment was greater than on lower grades. The spread between Grade No. 1 and No. 6 is now just 71 cents a bushel. The cheques will be issued to the Western farmers during the last week in June.

Should any problems arise in reference to these payments, please do not hesitate to contact me.

EDSON HEALTH UNIT BOARD

The Edson Health Unit Board held their 28th meeting at the Edson Council Chambers on Wednesday, June 21st, 1961 with Mr. W. Howie, M.P., in the chair. Also present were Mr. D. McKenney, Drayton Valley; Mr. G. D. Computer, Edson; Mr. L. A. Mahon, Edson; Mr. J. Wynne, Edson; Mr. D. K. McElroy, Secretary; Treasurer, and Dr. L. H. Lewis, Director and Medical Officer of Health.

Mr. Tom Lakota of Douglas and Lakota, S. 40, advised to the Health Unit Board that he had been advised to Board members. The 1st annual statement for the year 1960-61 was presented to the Board at which discussion followed. Mr. Lakota reported that he found the finances of the Edson Health Unit to be a highly satisfactory state and recommended that little or no change was required in the financial and purchasing policy of the Health Unit.

Following on the suggestion of the Board chairman at the last meeting the Board then discussed the question of rules and procedures for the operation of a Health Unit and felt that these should be reviewed from time to time in light of changing needs. It was agreed that a declaration of Board policy was necessary and desirable and should lay down basic principles for Health Unit operation and also to supplement the Health Unit Act and the Public Health Act, the two acts mainly concerned with Health Unit operation. Such a declaration of Board policy has not been made by the Edson Health Unit and it is

felt that it may serve as a guide which may be of value to other Health Units in their own operation. Many suggestions were put forward for inclusion in such a declaration and Mr. Lewis was requested to draw up a draft of such a policy and this will be considered by a special committee under the chairmanship of the Board Chairman.

The inclusion of the Edson Health Unit area within the Edson Health Unit was then considered in view of correspondence received from interested persons requesting such inclusion. The reasons why this area has not been included with the Health Unit were placed before the Board by Dr. Lewis and the position of the Board in this matter will be passed on to those concerned.

An invitation to attend the opening of the Municipal Administration Building in the city of Red Deer on Wednesday June 21st was received by the Board. This building is partly occupied by local Government offices and also partly by the Red Deer Health Unit and incorporates a large dental clinic. The facilities are said to be among the finest of their kind in the Province and probably in the Dominion.

A further progress report was presented on the operation of the Health Unit Dental Clinic presently in Hinton. This clinic will visit Hinton on July 8th and 9th and will then commence at Edson on July 10th. Reports were received on the incidence of Dental caries as far detected in the age group seen by the Dental Staff. It is intended that this information will be tabulated and analysed and finally presented to the Hinton Town Council for their use when any future plebiscite on the fluoridation of Hinton town water supply is presented to the electorate.

One Board member raised the question of local control by the Health Unit over the Sanitary Sanitation of Midways and for these facilities to be adequate before approval to set up is given. The Board decided that this matter of the "Chairman of the Provincial Board" of Health with a request for legislation on the subject as now proposed, officially exists at the moment.

The next meeting of the Health Unit Board was scheduled for September.

TOAST MISTRESS MEETING

The Fernside Toastmistress Club celebrated their first anniversary at a banquet in the Cardium Room of the Drayton Valley Hotel on June 27th evening.

Sitting at the head table were President Mrs. Shirley Tolchard and Mr. Doug Tolchard, Mayor

BARBITURATES

THE LAW GOES AFTER A COUPLE OF RUNAWAY DRUGS
Armed with an amendment to the Food and Drug Act, police are trying to catch up with a couple of drugs that make up a new addition more vicious than heroin and most appealing to juveniles.

The drugs, the sedative barbiturates and the stimulating amphetamines, are innocent enough in normally prescribed quantities. The normal medical barbiturate dosage is three-quarters of a grain. They form an addiction in the intoxicating 1 1/2 grain capsules known as goofballs, costing less than a cent apiece to make up and selling at from seven cents to a dollar each.

In the July 15 Maclean's, Cathie Russell tells why the federal government has brought down legislation against the goofballs. Trafficking in the drugs, or possession for the purpose of trafficking, will carry a penalty of up to 10 years in prison. Until now police have been hamstrung by a lack of legislation, although it has been illegal to sell the drugs except on a doctor's prescription. Within a single month, in 1960 50 Quebec druggists were brought to court on this charge. Most of them pleaded guilty and were fined \$100 and cost.

Heroin according to the Criminal Code is a much more dangerous thing; but Dr. Robert Halliday, director of the Narcotic Addiction Foundation of B.C., believes that barbiturates are actually more harmful. "They cause serious and permanent damage to the brain," he says, "and they also do more damage

than heroin to the entire system." Goofballs bear more serious official implication than heroin. Says a Montreal police official: "Goofballs are known to commit crimes of violence they would never contemplate under normal circumstances." An RCMP corporal has testified that "almost every one, if just all of the criminals in Montreal area use goofballs." Says Dr. Jean-Marie Roumel, medico-legal expert of the Quebec provincial government: "The goofball addict loses all sense of moral values... and this effect is even more marked in juveniles than in adults."

But even the beryll one may fall victims to the goofballs. T. E. Greenfield, chief inspector of the Ontario College of Pharmacy, says that nursing homes are among the big customers of barbiturates; aged inmates who have had a dose of barbiturates slipped into their tea are quick to attention. Some parents even use barbiturates as "baby sitters," according to Dr. A. L. Chum, of the Hospital for Sick Children in Toronto. Several children have been admitted to the hospital suffering from barbiturate poisoning.

Even heroin addicts turn to goofballs. They're economical; an addict can stay hooked up for a week for the cost of a single heroin shot. They're safer to keep than narcotics. And they're easier to buy, available through traffickers in corner drugstores, night clubs, party young people's meetings, and pensionaires, where they have replaced tobacco as the going form of intimate currency.

MAN CHARGED UNDER U.I.C.

On the 27 June, 1961, William L. Fritz, Drayton Valley, Alberta appeared before Magistrate Hancock and pleaded guilty to making two false statements to the Unemployment Insurance Commission in Edmonton. These offences were in connection with non-disclosure of earnings when working, while receiving benefit.

He was fined a total of \$100.00 and cost or in default of payment, 30 days in jail.

LOOKING AT RECREATION (Cont'd. from page 8, Col. 5)

ROTARY PARK OFFICIALLY OPEN

The Rotary Community Park playgrounds and wading pool will be officially open every day during the months of July and August. Two qualified supervisors will be on hand every day from 10:00 a.m. until 6:00 p.m., and activities will be conducted as scheduled. The tentative weekly schedule was published a couple of weeks back and if anyone would require any additional copies of this schedule, they are available at my office or from the supervisors in charge.

SCOUTS LEAVE FOR JAMBOREE

Staff picture

Queen Scout Bill Uchayshyn and First Class Scout David Hoff, as they were leaving for Edmonton, on the first leg of their trip to Ottawa, where they will attend the Scout Jamboree, starting July

6th. The boys left for Ottawa by train on Monday evening, after taking part in the Scout Parade from 3 to 5 in the afternoon in Edmonton. It is a signal honor to have these two fine young men going to the Jamboree. Both are a credit to their local Scout troop.

Mr. Fred Tooley is Scoutmaster for Troop B, and Mr. Helms Baum is Scoutmaster for Troop A. Mr. Baum's troop has left for their weeklong camp at Buck Creek, near Carmarvon, and in a few weeks, Troop B, under Scoutmaster Tooley will leave for their camp, which they will make at Skeleton Lake, just north of Edmonton.

LETTER TO THE EDITOR
(Cont., from page 3, Col. 6)

Some time ago while travelling west from traffic lights counted nine vehicles passing me while travelling at 25 miles per hour. Is there a limit? I was lost in a cloud of dust.

Secondly what got my blood boiling was going north just at the B.A. service station when I noticed this truck approaching at a terrific speed. I had slowed down to a crawl as I saw a small boy on the opposite side of the road, but the truck driver did not notice anything as he came roaring by covering my car and

the little boy with mud. I noticed the name of the company of the truck but I will take a guess and name the driver a "Leatherhead".

LEGION BALL TOURNAMENT & WRESTLING

After a driving rain on Friday afternoon, just before the scheduled Legion Ball Tournament got underway, cancelling the games for that day, Saturday dawned with weather clear and beautiful to give the hardworking Legion ladies and ladies the break they needed to get the big show on the road. The grounds were in perfect shape, and the Legion had worked hard and late the night before completing the fences around the ball grounds. The Legion ladies were right on the job selling barbecued horderves and hamburgers and aromatic coffee to hungry patrons.

Six teams showed up for the final afternoon. It had been expected that there would be at least eight teams competing, but as it was, with the weatherman being uncooperative on the first day of the scheduled two-day tourney the six teams that were entered balanced out the day just right to finish the last game before sundown. The six teams in the final lineup were the local team, the Legionaires, a team from Stony Plain, Warburg, Ganges, McKay and Lodgepole.

Playing in the final game was the excellent Warburg team and the equally excellent lineup of players composing the McKay team.

The Warburg team would certainly have given a much better accounting of themselves if they had not been tired from playing three straight games, but anyway McKay took them for a final score of 8 to 2. One of the features of the tournament was the exceedingly high quality of the

ball played throughout the games. Any one who did not get out to the Legion ball tournament at all during the day missed some real oldtime baseball playing. Immediately following the closing of the tournament another big Legion attraction was staged this time in the Recreation Centre, which bevy boys and girls grunted and puffed in the wrestling matches conducted under the Legion banner.

First match was between brawny, bearded Dave Ruhl, 241 lbs., the "Hanna Blacemith" and Ker Larimoon of Vancouver, 218 lbs. Larimoon had achieved some fame in the squared circle as a boxer some years previously, also, when he had been Ned on a Golden Gloves champ in Vancouver in 1954. The match was a 30 minute time limit set and was called a draw by referee Phil Klein at the end of that time.

Following this was the match between the two girl wrestlers, featuring Jackie Hammond, of Calgary, weight 130 lbs. and Emily Smith of Edmonton, weight 140 lbs., according to her scale. These girls were ladies in name only and referee Klein had his hands full to see that all was up and aboveboard, and didn't always succeed. At one hilarious time in the event which was scheduled as a two out of three falls or a 45 minute go, Referee Phil picked up easy Jackie and soundly spanked her derriere. However, unbeknownst to Jackie finally gained the winning (Cont., on page 9, Col. 3)

BOY FOUND IN RIVER

With the finding of a so-far unidentified body in the Saskatchewan River some miles down stream from the bridge east of Drayton Valley it is thought that a three-year old mystery may be solved.

In August, 1958, policemen went to work painting the then-new bridge, and when scaffolding came loose on the underside of the bridge, one man, Mr. Rudolph Fisher, aged 40, of Clearhill fell to his death in the bluish river water many feet below the bridge.

Ever since that time the river has been searched at various times, but so far no trace of the body has been found. (Cont., on page 10, Col. 5)

NEW GOLF COURSE FOR DISTRICT

This district will soon be served by another excellent privately owned golf course. Arrangements are well underway by Mr. Ed. Featherstone who is undertaking the new venture to get the preliminary work done on the course to have it ready for the 1962 season.

Proposed location for the eighteen hole course, complete with clubhouse and other facilities is north of Drayton Valley, on (Cont., on page 10, Col. 5)

District Personalities

THOMAS W.D. JOHNSON. Photo by Curt's Studio

This week's Personality is of interest to us because he represents the young man who moved into a new community, married, and set up in business.

Tom came to Drayton Valley in 1955, married a young nurse whom he met when he was in the army here and has set up in business in a modest way.

He was born in Castor, Alberta, and was raised on a farm there. He went to one of the typical one-room country schoolhouses with which the country districts used to abound. In 1940 he passed public school, and then as both roads and transportation were bad in those days, he began to take high school work by correspondence. Soon after that his father suffered a stroke and young Johnson, and his brother who was one year younger than he, had to take care of the farm work.

He worked on the farm until the fall of 1955, with the exception of one summer spent in B.C. in construction work and one winter

spent near Rocky Mountain House in a logging camp. In late 1955 he left the farm to go to work in the oilfields which at that time were expanding rapidly. He followed oilfield work in Smelter, Peace River and Big Valley districts until the spring of 1958 when he joined up with a national life insurance company as a life sales representative. In March of that year he moved out to the new town of Drayton Valley where he began to work at his new profession.

He married Miss Evelyn Hewitt, R.N., in 1958. They have two children. They are members of the Church of God, where Mr. Johnson is secretary-treasurer on the Board of Trustees.

Two years ago he started in the general insurance business and is now handling other lines from his new office in the former bus depot. In addition to his insurance business he is now licensed as a real estate operator and is agent for a transit company.

JUVENILE BASE BALL

Drayton Valley Juvenile Baseball team added another diamond to their outstanding record when they won both games out on the Drayton Valley diamond Sunday afternoon, playing again against a strong opposing team from Mayerthorpe.
